#### LA FERME-ASILE

La Ferme-Asile is a multidisciplinary art centre that aims to develop and promote creation in Valais and in Switzerland. Specialised in contemporary art and music, the Ferme-Asile participates in the development of artistic expression and culture in a place of creation, production, training and research. La Ferme-Asile has two exhibition spaces (la Grange and la Grenette), a concert hall, 10 artists' studios, an international residency, two studios for young artists (Atelier Tremplin and EDHEA), a restaurant and large outdoor spaces.

The aim of this international residency programme is to enable artists to stay in Valais and benefit from a natural and cultural environment that is conducive to the practice of their art, research and creation. It is open to applications from international professional artists working in visual arts. Applicants may apply as a duo or a collective, but the financial resources available remain the same.

#### THE FLAT AND THE STUDIO

Selected artists will have exclusive use of a 45m<sup>2</sup> flat. The flat consists of a separate bedroom, a living room-kitchen (fully equipped kitchen) and a bathroom. A washing machine is available to residents. Bed linen and towels are provided.

An 18m<sup>2</sup> studio, located a few dozen metres from the flat, is available to the residents. The studio was completely renovated in 2020 and is furnished (there is no direct access to water). The spaces are non-smoking.

The wood workshop of the Ferme-Asile, which includes specific equipment, can also be used in agreement with the person in charge and the management.

Partners and/or children are allowed to live with the residents during their stay. However, the financial resources available to residents are the same whether they come alone or accompanied (a flat, a studio and a monthly grant). La Ferme-Asile does not offer any specific support or activities for the children of the residents. Parents are responsible for their children and must ensure that they do not interfere with

the lives and work of the other residents. Animals are not allowed.

## THE GRANT

The Canton of Valais offers a grant of CHF 1,500.- per month of residency to cover the costs of daily living as well as research and production related to the residence.

## TRAVEL AND ACCOMODATION

Travel costs are the responsibility of the artist.

Residents are responsible for arranging their own visas and other necessary travel documents. La Ferme-Asile will provide assistance where possible.

Residents must also ensure that they have valid insurance covering medical assistance and accidents during their stay in Switzerland.

La Ferme-Asile offers logistical and administrative support during the residency.

### The project

In the description of their project, applicants must clearly indicate how their project would benefit from the setting of the Ferme-Asile for its development (location, networks, etc.).

This event will be defined with the residency coordinator. A one-off event can also be organised during the residency and as part of the ongoing mediation programme.
